### Nature + Realism

By the eye of realism, the patterns are not made of only its visuals, but it embraces the textures, characteristics, and the tracks of time carved into the veins. The Realism collection was finally released by the process of visualizing all of the hidden factors.

### Wood grains

The layered wood grains shows the trendy charm rather than tedious repetition.

### Scanned wood

Our realistic patterns are made of using a cruise scanner and it shows a detailed textures as well.
